

Parents as Teachers™

Speakers *Bureau*

Richard Wollenberger offers expertise in aligning technology with business needs coupled with a broad base of knowledge and experience in IT project management. He draws on more than 20 years of experience in strategic and tactical assessment and planning.

As Parents as Teachers Director of Information Technology since 2006, he heads the technology efforts at the national headquarters. Most recently he led the efforts around a CRM system selection and implementation project.

Immediately prior to joining Parents as Teachers, Wollenberger was a technology consultant, working on projects with Anheuser-Busch, Monsanto, Collaborative Strategies, Inc., Shupp Advertising, World Aquarium and others.

Wollenberger is a Certified Information Technology Business Manager and holds a degree from Bradley University in Peoria, Ill.

Richard D. Wollenberger, CITBM

Information Technology Director

Our Vision: All children will learn, grow and develop to realize their full potential.
